## LANCE VAN DE VYVER

*PROFESSIONAL PHOTOGRAPHER*

I am passionate about wildlife and have always had a dream to be involved in conservation in my own unique way. Through the power of photography, guiding and teaching I have found my calling and believe I can make a difference. To be able to bring pictures and stories into the living rooms of thousands of people all around the world is amazing, but to have clients leave from a trip with their own messages and images is even better.

The past five years of guiding have been some of the best of my life and I have been so lucky to witness some incredible things and meet amazing people along the way. I hope the next five are even better and hope to see you on safari with me some time soon.

## DAY 2 • 3 • 4 • 5

Serian 'The Original' lies in the private Mara North Conservancy, and the beauty of this location is that only 10 other camps have access to it – so the feeling of having your own personal piece of Africa is a luxury that we have in spades.

There is nowhere quite like the middle of nowhere to succumb to a serious case of lens-envy. Safari goes hand-in-hand with photography, and being in such a stunning and surreal environment naturally stirs our instinct to capture it all and take it home with us.

## DAY 6 • 7 • 8

Heading southwards across Rhino Ridge and past Paradise Plains, you will reach Nkorombo – our cosy little mobile camp, nestled in an olive grove on the Mara riverbanks. We're right next to a lively salt lick, and sightings often feature black rhino, as lion and leopard on the lookout for kill. There is an abundance of prey in this area, and it's the perfect spot for spectacular game viewing – and from June to November, is a front-row seat for watching the wildebeest and zebra as they make their crossings of the Mara river mere metres away.

The perfect place for a campfire adventure, Nkorombo is deliciously intimate: the sounds of rushing water are punctuated by languorous laughing hippo and animals visiting to drink.
