DAY 2

Comprising just 4 tents, and 2 suites the peaceful intimacy lends itself to exclusive bookings, or groups accompanied by private guides. The open plains of the Lamai Wedge are incredibly beautiful and abundant in game. The landscape is reminiscent of scenes from Out of Africa, and there is plenty of freedom to roam and explore. The camp is situated opposite Crossing Point 4, midway among all crossing points along the river – and is perfectly positioned to spectate the wildebeest river crossings. Away from the river, this area of rolling savannah, boulder-strewn hillsides and fig-tree groves, is littered with inconceivably enormous herds of wildebeest, topi and zebra as well as all the predators that gorge on this movable feast.

DAY 3 • 4 • 5

Walking safaris are a beautiful way to explore: set off with the first light in the company of Alex or one of our other guides, and tune into the whispering savannah silence away from the hum of a vehicle. As you ease into a slower pace, you'll notice your senses picking up on the finer details: the intricate perfections of a skeleton, a map of secret paw prints, a microcosmic universe in a termite mound.

DAY 11

Take a slow cruise to the airstrip for the afternoon flight to Nairobi and see some last glimpses of wildlife as you wave goodbye from the plane.

“What a happy country – even the elephants are smiling. The openness and the open atmosphere of the camp makes this place unforgettable”
