DAY 2 • 3

The open plains of the Lamai Wedge are incredibly beautiful and abundant in game. The landscape is reminiscent of scenes from Out of Africa, and there is plenty of freedom to roam and explore. The camp is situated opposite Crossing Point 4, midway among all crossing points along the river – and is perfectly positioned to spectate the wildebeest river crossings. Away from the river, this area of rolling savannah, boulder-strewn hillsides and fig-tree groves, is littered with inconceivably enormous herds of wildebeest, topi and zebra as well as all the predators that gorge on this movable feast.

DAY 4 • 5 • 6 • 7 • 8

On foot you will feel the opening of your senses, sharpening in response to the immediacy of the wilderness: vision, sound, smell all respond to the challenge of perceiving and reading the primordial signals of the bush. Alex, in company of traditionally attired and armed Hadzabe guides, will teach you to see the landscape through their eyes, and immeasurably enhance the richness of the way you experience it. Drink in the active participation of engaging with your surrounds, and cultivate a fuller appreciation of the myriad intricacies that make up the magic of the bush. By night, take adventure back to its roots with fireside meals and bedrolls under the stars, and relish the stripped-back simplicity that is the beauty of flycamping.

DAY 9 • 10

Return to the relative lap of luxury of the main camp, and kick back with a well-earned G&T. Round off your experience with a game drive or two perhaps to see some cheetah or wild dog, or simply relax and let it all sink in.

DAY 11

Take a slow cruise to the airstrip and see some last glimpses of wildlife as you wave goodbye from the plane.

Dear Serian, thank you for a most extraordinary, gentle, but powerful introduction to the wild world of the African savannah which is glorious and so much more peaceful than the urban life!
