DAY 1

DAY 2 • 3

Heading southwards across Rhino Ridge and past Paradise Plains, you will reach Nkorombo – our cosy little mobile camp, nestled in an olive grove on the Mara riverbanks. We're right next to a lively salt lick, and sightings often feature black rhino, as lion and leopard on the lookout for kill. There is an abundance of prey in this area, and it's the perfect spot for spectacular game viewing – and from June to November, is a front-row seat for watching the wildebeest and zebra as they make their crossings of the Mara river mere metres away.

The perfect place for a campfire adventure, Nkorombo is deliciously intimate: the sounds of rushing water are punctuated by languorous laughing hippo and animals visiting to drink.

DAY 4 • 5 • 6

Early-morning explorations, picnic lunches under trees, and sundowners on the plains – with exclusive use of vehicle, the game drive possibilities are endless, and your schedule all comes down to what you happen to feel like on the day.

Everything about this reserve is outstanding. The wildlife is abundant and the gentle rolling grasslands ensure that animals are never out of sight. Birds too are prolific. Including migrants, well over 450 species have been recorded, among which 57 species of birds of prey.

A couple of days spent exploring the locale will give you an idea of the plentitude of wildlife which is Kenya's natural heritage – and the key to the magic of the Mara.

The simplicity and ease and freedom and African identity of the camp gave us so much more than the facility of our comfortable tent accommodations tickled us about the most the bare foot, open air, soft smooth silo. And the of it hippos burping and roaring during the night, coming up from the river, made us ~~Magy & Tayles~~ to sleep.
